Artist Opportunity Grants

Administered by Culture Works

ARTIST OPPORTUNITY GRANTS

Welcome to the Montgomery County Artist Opportunity Grant Program. This program is made possible by funding from the Montgomery County Arts and Cultural District (MCACD) and is administered by Culture Works.

PROGRAM GOAL

The Artist Opportunity Grant Program is intended to provide financial assistance to Montgomery County artists to further their careers through professional development opportunities and through opportunities associated with new works.

Artist Opportunity Grants help advance the careers of individual artists by supporting expenses related to specific, unique opportunities that have the potential to significantly impact an artist's work and professional development. The purpose of these grants is to empower artists at critical stages in their creative lives. The goal is to assist artists in Montgomery County in furthering and innovating their work, to elevate the quality and raise the profile of individual artistic work in the region, and to help artists achieve their artistic and career goals through the pursuit of new works or professional/career development opportunities in the field, thereby making them competitive in the creative marketplace. Grants are intended to fund an artist's vision or voice, regardless of the level of his or her artistic career point (emerging, mid-career, mature) or genre. Grants typically range from \$500 to \$3,000.

WHAT IS AN OPPORTUNITY?

An opportunity may be one of many things—an invitation to exhibit at a prestigious gallery, to audition for a major dance company, to study with a mentor or renowned teacher. It may also be an opportunity to create/complete a new work that advances an artist's career, develops an experimental/risk-taking project, or exposes an artist to new audiences. In any case, it should not

duplicate experiences the artist has had in the course of his or her ongoing work, and it must lead to professional growth in the artist's career in a clear and meaningful way. This program does not fund general supplies utilized in the course of normal business. Eligible costs do include the finishing/completion of new works of art for an imminent opportunity.

ELIGIBILITY CRITERIA

To be eligible for the Artist Opportunity Grant Program, applicants must:

- Be a resident of Montgomery County, Ohio, with a valid street address (no P.O. boxes) demonstrated by a driver's license, utility bill, bank statement, voter registration document, etc.; and
- Be a United States citizen or a permanent legal resident; and
- Be at least 18 years old; and
- Be a professional artist or creative entrepreneur. This is defined as someone who:
 - Has specialized training in the field (not limited to academic training; may be self taught);
 - Is recognized as a "professional" by peers (artists working in the same discipline); and
 - Has at least a one-year history of public presentation or publication.
 - *It should be noted that the word "professional" refers to the nature of the artist's commitment, particularly as it is conveyed on the artist's resume.*

ALLOWABLE EXPENSES

As an opportunity-based grant, applicants are required to request a specific dollar amount and also articulate how the difference will be made up in the event the grant doesn't cover the entire expense. Appropriate requests would typically fall in the range of \$500-\$3,000, and grants will not exceed \$3,000. Funds can be used for the following:

ALLOWABLE EXPENSES (including but not limited to):

PRESENTATION/DOCUMENTATION/PORTFOLIO

DEVELOPMENT: Costs related to producing materials such as slides, catalogs, portfolios, audio/visual recordings, manuscripts, brochures, etc. that are part of an imminent, concrete opportunity or are part of a clear marketing/outreach plan to make materials available for distribution and self-promotion.

SERVICES: Use of other professional services for the presentation or production of new work. Can include professional consultants who help with websites, business plans, marketing plans, etc.

MATERIALS/SUPPLIES: Project-specific expenses for materials or for equipment rental needed to complete work (as described in the application) for an exhibition, performance, publication, etc. in which the artist has been invited to participate.

EQUIPMENT/FACILITIES: Expenses for materials or equipment rental or purchase (not exceeding \$500) needed to prepare new work for an exhibition, performance, publication, etc. in which the artist has been invited to participate. Note: There are many excellent spaces across the region that may serve as venues for applicants considering performance, display, or educational workshops for public benefit consideration. As an added benefit to grant recipients, **MCACD and Culture Works have joined in partnership with the Dayton Metro Library to facilitate convenient access to artistic spaces.**

Dayton Metro Library has high-quality performance and gallery spaces available at the Main Library, as well as access to Community Rooms and programming spaces nestled within neighborhoods all across the county. For the opportunity to access these spaces at no cost, DML requests that Artist Opportunity Grant recipients offer a program

(performance, gallery show, film screening, educational workshop, etc.) that is free and open to the public during Library hours. In return for sharing your art/education with Library patrons, DML will market the program and provide limited space support.

Beyond this programming partnership, artists may also wish to consider DML's Opportunity Spaces (longer-term residencies typically of three to four weeks) or rental spaces (required for ticketed performances or performances after-hours).

If you are interested in learning more about partnering with the Dayton Metro Library for your Artist Opportunity Grant project, contact Programming Manager Julie Buchanan at JBuchanan@DaytonMetroLibrary.org or 937-496-8859.

COMPLETING THE APPLICATION

Applicants should answer the questions on the application as if you are writing about yourself for someone who has never met you and/or someone who may not be familiar with the opportunity you wish to pursue. Consider the following when answering the questions in the application and when writing your artist statement:

HOW the opportunity is unique and what it offers that isn't otherwise available to you

WHY the opportunity is appropriate at this time in your career

WHAT the impact will be on your career and work and why this is the best way to get you there

WHO you will be working with and why they are the best one(s) to learn from right now

OTHER SPECIFIC REQUIREMENTS FOR A COMPLETE APPLICATION:

- A detailed **project description**, including timeline, goals and potential outcomes, and intended audience.
- A clear and concise **artist statement** and an overview of your history as an artist.
- **Proof of residency**: On the application, the applicant address must be current and may not be a P.O. box.
- A current chronological **artistic resume** focused on artistic achievements, activity, exhibitions, performances, awards, and publications, etc.
- **Timeline**: This project or opportunity must take place between January 1, 2020 and December 31, 2020. If the grant is to complete a project already in progress, it must culminate with a completed work in 2020. Projects anticipated to not be completed by December 31, 2020 will not be considered.
- **Project Budget**: Applicants will be required to submit a complete project **budget for the entire project** (not just the amount of the grant requested) using the template in the application.
 - As your project budget is reviewed in conjunction with the narrative portion of your application, please be sure they align. Account for all the project components listed in your project description.
 - Please list all sources of revenue/funding, even if they are only anticipated, and not yet secured.
- A recent artistic **work sample** and a description of this work and how it relates to the proposed project. You will have the opportunity to either upload your work sample or provide a link/URL. Work samples may include images, audio files, online galleries, Vimeo/YouTube videos, websites, or blogs where samples of your work appear or are archived.

The work sample is essential to your application and plays a critical role in helping panelists to evaluate the artistic merit of your work and gain a better understanding of the proposed project. Applicants are encouraged to select their support materials carefully and submit items that are as current as possible and relevant to the proposed project. Work samples do not need to be professionally produced to demonstrate vibrant programming or artistic excellence. In consideration of the review panel, please provide links or share files that do not require the creation of login accounts. **Find tips and additional guidelines regarding work samples at cultureworks.org.**

- **Access to Your Project:** Applicants must make their work available/accessible to the general public of Montgomery County in some way (e.g., a performance, exhibition, presentation, publication, workshop, class, a website documenting the project). **Each applicant must clearly identify one public presentation of the project** in his or her application, with clear marketing/outreach plans to ensure attendance/participation. Applications that clearly identify the way in which the public can access the project are most competitive. Those pursuing professional development opportunities should think of a way to share their experience and knowledge with the public, e.g. through lectures, blogs, videos, websites, exhibitions, etc.

THE REVIEW PROCESS

All applications will be reviewed by staff for completeness and eligibility before advancing to the review panel.

Panel Review

Culture Works and MCACD will identify an independent review panel consisting of artists, arts administrators, educators, and community leaders who understand and have an appreciation for the careers and professional development of artists. Every effort is made to avoid conflicts of interest.

Panelists are provided online access to the applications, supporting materials, and artistic samples. It is their responsibility to review the materials and score applications based on the five evaluation criteria identified in these guidelines. The highest possible score is 25.

Proposal Discussion and Scoring

Panelists will make their award decisions at a public panel meeting in November, which applicants are invited to attend. At this meeting, panel members will discuss their initial scores and the resulting ranking of the applicants. When desired, panel members will be given the opportunity to review an artist's application and/or documentation. This is done for clarification purposes. As a result of the panel discussion or further review of an applicant's application or documentation, panelists may change their scores. Because materials will have been previously reviewed by panelists, they may or may not ask to review the same materials for every applicant.

Ranking and Funding Recommendations

After final scoring, a master list of all applicants will be ranked from highest to lowest regardless of program category and artistic focus. Funding recommendations will be made based on these ratings and the funding that is available.

FUNDING AWARD AND RESPONSIBILITIES OF GRANTEE

Upon panel recommendations being approved, all award recipients will enter into a contract/grant agreement with Culture Works.

Grants will be made in a single, one-time payment in January 2020 following successful completion of the Grant Agreement. Grant funding may only support expenses incurred during the relevant grant period for the cycle within which you apply. It is the Grantee's responsibility to assure that funds are spent throughout the year, or as appropriate and necessary, to cover costs proposed in the application.

Grantees are responsible for submitting a final report (financial, narrative and evaluation, including examples of the results of the grant

project) within 30 days of the completion of the project/opportunity. Receipts for purchases or services must accompany your final report. If the project is not complete within the grant period, you will be required to identify the delay and state an expected completion date.

In all publicity, websites, printed or production materials related to the grant project, the recipient must use the Montgomery County logo and credit Montgomery County for support in the same font size, or larger, as any other sponsors or supporters. Text credit should appear as: *This project is made possible by funding from Montgomery County.*
