Artist Opportunity Grants

Administered by Culture Works

ARTIST OPPORTUNITY GRANTS

Welcome to the Montgomery County Artist Opportunity Grant Program. This program is made possible by funding from the Montgomery County Arts and Cultural District (MCACD) and is administered by Culture Works.

PROGRAM GOALS

The Artist Opportunity Grant Program is intended to provide financial assistance to Montgomery County artists to further their careers through professional development opportunities and through opportunities associated with new works.

Artist Opportunity Grants help advance the careers of individual artists by supporting expenses related to specific, unique opportunities that have the potential to significantly impact an artist's work and professional development. The purpose of these grants is to empower artists at critical stages in their creative lives. The goal is to assist artists in Montgomery County in furthering and innovating their work, to elevate the quality and raise the profile of individual artistic work in the region, and to help artists achieve their artistic and career goals through the pursuit of new works or professional/career development opportunities in the field, thereby making them competitive in the creative marketplace. Grants are intended to fund an artist's vision or voice, regardless of the level of their artistic career point (emerging, mid-career, mature) or genre.

The MCACD is providing \$60,000 for the 2022–2023 grant cycle, and grants will range from \$500 to \$3,000.

WHAT IS AN OPPORTUNITY?

An opportunity may be one of many things—such as an invitation to exhibit at a prestigious gallery, to audition for a major dance company, or to study with a mentor or renowned teacher. It may also be an opportunity to create/complete a new work that advances an artist's career, develops an

experimental/risk-taking project, or exposes an artist to new audiences. In any case, an opportunity should be well suited to the artist's skill level and should represent a natural, meaningful step in their career in the context of their past artistic work and stated artistic goals. An opportunity should not duplicate experiences the artist has had during their career.

Applicants may only submit one application per grant cycle and must limit their funding request to one opportunity. Requests to fund multiple activities will not be considered unless the activities are part of a formal series (e.g., a series of workshops hosted by the same organizer).

This program does not fund general supplies utilized in the course of normal business. Eligible costs do include the finishing/completion of new works of art for an imminent opportunity.

2022–2023 TIMELINE

For the 2022–2023 application cycle, all proposed opportunities must take place between March 1, 2023 and February 29, 2024.

October 3, 2022 – Application available via cultureworks.org.

Late October 2022 – Virtual Artist Opportunity Grant Info Session for applicants. Check cultureworks.org for details and to register.

December 2, 2022 – Application deadline, 11:59 p.m. EST. All applications must be submitted online.

Mid-January 2023 – Virtual Public Grant Panel Meeting. Applicants will receive notification of their initial award status following the meeting. The panel's funding recommendations must then receive final approval by the MCACD board.

February 2023 – Grantees meet with Culture Works to review and complete grant agreements.

March 2023 – Culture Works begins issuing grant payments. (Grants are paid in one lump

sum 30 days prior to each grantee’s project start date and following completion of their grant agreement).

February 29, 2024 – All projects/opportunities must be complete. (Note: Each grantee will have a unique project end date based on their timeline of activities, but *all* funded projects must be completed by February 29, 2024 at the latest. A final report is due 30 days following the grantee’s project end date.)

As an added benefit to grant recipients, **MCACD and Culture Works have joined in partnership with the Dayton Metro Library to facilitate convenient access to artistic spaces.**

Dayton Metro Library (DML) has high-quality performance and gallery spaces available at the Main Library, as well as access to Community Rooms and programming spaces nestled within neighborhoods all across the county.* For the opportunity to access these spaces at no cost, DML requests that Artist Opportunity Grant recipients offer a program (performance, gallery show, film screening, educational workshop, etc.) that is free and open to the public during Library hours. In return for sharing your art/education with Library patrons, DML will market the program and provide limited space support.

Beyond this programming partnership, artists may also wish to consider DML's Opportunity Spaces (longer-term residencies typically of three to four weeks) or rental spaces (required for ticketed performances or performances after-hours).

If you are interested in learning more about partnering with the Dayton Metro Library for your Artist Opportunity Grant project:

- **Performing artists** should contact Mariah

Johnson, Cultural Programming Manager,
at MJohnson@DaytonMetroLibrary.org or
937-496-8803.

- **Visual artists** should contact Jayne Klose, Community Engagement Manager, at JKlose@DaytonMetroLibrary.org or 937-496-8508.

**DML follows all recommended protocols for health and community safety. As such, enclosed spaces and gathering areas may be limited and/or masks may be required due to COVID-19.*

COMPLETING THE APPLICATION

Applicants should answer the questions on the application as if you are writing about yourself for someone who has never met you and/or someone who may not be familiar with the opportunity you wish to pursue. Consider the following when answering the questions in the application and when writing your artist statement:

HOW the opportunity is unique and what it offers that isn't otherwise available to you

WHY the opportunity is appropriate at this time in your career

WHAT the impact will be on your career and work and why this is the best way to get you there

WHO you will be working with (if applicable) and why they are the best person to learn from right now

OTHER REQUIREMENTS FOR A COMPLETE APPLICATION:

- **Proof of Residency:** On the application, the applicant address must be current and may not be a P.O. box.
- A detailed **Project Description**, including

timeline, goals and potential outcomes, and intended audience.

- A clear and concise **Artist Statement** and an overview of your history as an artist.
- A current chronological **Artistic Resume** focused on artistic achievements, activity, exhibitions, performances, awards, and publications, etc.
- At least one recent artistic **Work Sample** and a description of this work and how it relates to the proposed project. You will have the opportunity to either upload your work sample(s) or provide a link/URL. Work samples may include images, audio files, online galleries, Vimeo/YouTube videos, websites, or blogs where samples of your work appear or are archived.

The work sample is essential to your application and plays a critical role in helping panelists to evaluate the artistic merit of your work and gain a better understanding of the proposed project. Applicants are encouraged to select their work samples carefully and submit items that are as current as possible and relevant to the proposed project. Work samples do not need to be professionally produced to demonstrate vibrant programming or artistic excellence. In consideration of the review panel, please provide links or share files that do not require the creation of login accounts. **Find tips and additional guidelines regarding work samples at cultureworks.org.**

- **Project Timeline:** The project or opportunity must take place between **March 1, 2023 and February 29, 2024**. If the grant is to complete a project already in progress, it must culminate with a completed work. Projects anticipated to not be completed by February 29, 2024 will not be considered.
- **Letter of Invitation/Acceptance** from the

organization or individual providing the opportunity (if applicable). If you will not know whether you've been accepted into the program prior to the application deadline, indicate this in your application narrative and provide an anticipated confirmation date.

- **Project Budget:** Applicants will be required to submit a complete **budget for the entire project** (not just the amount of the grant requested) using the template provided in the application.
 - As your project budget is reviewed in conjunction with the narrative portion of your application, please be sure they align. Account for all the project components listed in your project description.
 - Please list all sources of revenue/funding, even if they are only anticipated, and not yet secured. **Note: If the total project budget exceeds \$6,000 (i.e., double the maximum grant amount), applicants must provide proof of additional funding sources** (e.g., a letter of commitment from a foundation, a grant agreement from another funder, etc.).
- **Documentation of Expenses** such as quotes, brochures, registration forms, screenshots of products with pricing, etc. These should align with the expenses outlined in your budget spreadsheet.
- **Description of Public Benefit:** Applicants must make their work available/accessible to the general public of Montgomery County in some way (e.g., a performance, exhibition, presentation, publication, workshop, class, a website documenting the project). **Each applicant must clearly identify one public presentation of the project** in their application,

with clear marketing/outreach plans to ensure attendance/participation. Applications that clearly identify the way in which the public can access the project are most competitive. Those pursuing professional development opportunities should think of a way to share their experience and knowledge with the public, e.g., through lectures, blogs, videos, websites, exhibitions, etc. *(See p. 5 for information on exhibition/presentation opportunities through the Dayton Metro Library.)*

THE REVIEW PROCESS

All applications will be reviewed by staff for completeness and eligibility before advancing to the review panel.

Panel Review

Culture Works and MCACD identify an independent review panel consisting of artists, arts administrators, educators, and community leaders who understand and have an appreciation for the careers and professional development of artists. Every effort is made to avoid conflicts of interest.

Panelists receive online access to the applications, supporting materials, and artistic samples. It is their responsibility to review the materials and score applications based on the five evaluation criteria identified in these guidelines. The highest possible score is 25.

Panelists review and score applications independently over the course of a month. In mid-January 2023, they will convene at a public panel meeting to discuss applications and make award recommendations as a group. To facilitate discussion and funding recommendations, applications with the lowest initial scores may be eliminated from consideration prior to the public meeting. Applicants will be notified in advance of whether their application will proceed to the panel meeting.

Public Panel Meeting

During the panel meeting, panelists discuss their initial scores and the resulting ranking of the applicants. As needed, panel members are given the opportunity to review an artist’s application and/or documentation. This is done for clarification purposes. As a result of the panel discussion or further review of an applicant’s application or documentation, panelists may adjust their scores. Because materials will have been previously reviewed by panelists, they may or may not ask to review the same materials for every applicant.

Ranking and Funding Recommendations

After final scoring, a master list of all applicants will be ranked from highest to lowest regardless of project category and artistic focus. Funding recommendations will be made based on these rankings and the funding that is available. Upon panel recommendations being approved by the MCACD board, all award recipients will enter into a contract/grant agreement with Culture Works.

GRANT PAYMENT AND GRANTEE RESPONSIBILITIES

Grants will be made in a single, one-time payment 30 days prior to each grantee’s project start date and following successful completion of their grant agreement. Grant funding may only support expenses incurred during the grant period (March 1, 2023–February 29, 2024).

It is the grantee’s responsibility to ensure that funds are spent throughout the year, or as appropriate and necessary, to cover costs proposed in the application.

Grantees are responsible for submitting a **final report** (financial, narrative, and evaluative, including examples of the results of the grant project) within 30 days of the completion of the project/opportunity. Receipts for purchases or services must accompany the final report.

If a grantee’s project is delayed and will not be completed within the grant period, the grantee

will be required to complete a **project revision form** identifying the delay and stating an expected completion date. Revisions must be reviewed by Culture Works staff for approval.

In all publicity, websites, printed or production materials related to the grant project, the grantee must use the Montgomery County logo and credit Montgomery County for support in the same font size, or larger, as any other sponsors or supporters. Text credit should appear as: *This project is made possible by funding from Montgomery County.*

This program is made possible through a public-private partnership between Montgomery County and Culture Works.
